The Institute of Electronic Structure and Laser (IESL) of the Foundation for Research and Technology - Hellas (FORTH), in the framework of the project ARCHERS, which is funded by an exclusive donation of the *Stavros Niarchos Foundation*, is seeking to recruit two (2) post-doctoral fellows.

The project aims at reducing or even reversing the *brain drain* by providing high quality research opportunities to young scientists of Greek origin.

### **Job Description**

The Stavros Niarchos Foundation – FORTH fellows are expected to perform high quality research within one of the research areas, in which FORTH-IESL excels both on the national and the international level (<http://www.iesl.forth.gr/>). More specifically, the domains of interest in the present project are the preservation of cultural heritage and the science and innovation in the areas of environment, clean energy and health.

**Eligibility criteria**

- PhD degree in Physical Sciences or Engineering
- Good knowledge of Greek and English language

**Evaluation Criteria**

- Publications in high impact peer-review journals
- Participation in national and international conferences
- Quality of the proposed post-doctoral project
- Ability and motivation to perform independent research
- Previous post-doctoral research experience
- According to international practice, the academic age (number of years after the Ph.D. degree award year) will be taken into consideration as a selection criterion; preference will be given to Post-Doctoral researchers with an academic age less or equal to 10 years.

**Location:** IESL-FORTH, Heraklion Crete GREECE

**Start Date:** 1<sup>st</sup> of May, 2019
