Ref. 41512

Heraklion 20/11/2020

The Institute of Electronic Structure and Laser (IESL) of the Foundation for research and Technology Hellas (FORTH), in the framework of the project IPERION HS, (Call: H2020-INFRAIA-2019-1, Proposal number: 871034), funded under H2020-EU.1.4.1.2. – Integrating and opening existing national and regional research infrastructures of European interest, is seeking to recruit two master students.

Job Description

The young researcher is expected to participate in research aiming at the development of methodologies and instrumentation based on spectrochemical techniques (e.g. Fluorescence, LIBS, LIF, Raman etc) targeted for applications in the field of heritage science diagnostics. This research will be conducted in the context of a highly cross-disciplinary project, IPERION-HS, aiming to establish a unique European Research Infrastructure for the restoration and conservation of Cultural Heritage. The project joins together major centers of research in Heritage Science, including outstanding research institutes, as well as prestigious research laboratories and conservation centers in museums and universities.

Required qualifications

- Degree in Physical sciences (Physics, Chemistry, Materials science), Engineering, Conservation science or relevant fields (20%)
- Knowledge and experience on the experimental materials analysis/study with emphasis on spectrochemical techniques (30%)
- Competence in English (written and spoken) (10%)

Desirable qualifications

- Experience in studies of cultural heritage materials and objects (object analysis, campaigns) (20%)
- MSc candidate, attending a University graduate program relevant to the job description (20%)

Location: IESL-FORTH, Heraklion Crete GREECE

Start Date (earliest): January 1, 2021

Project Duration: 12 Months with possibility of extension according to the needs of the project

Application Submission

Interested candidates who meet the aforementioned requirements are kindly asked to submit their applications, no later than **December 5, 2020, 23:59 local Greece time** to the address (hr@iesl.forth.gr), with cc to the Scientific Responsible, Prof. Demetrios Anglos (anglos@iesl.forth.gr).

In order to be considered, the application must include:

- Application Form (please download file from the job announcement webpage <https://www.iesl.forth.gr/en/jobs-bids/jobs/job-positions>)
- Detailed curriculum vitae (CV) of the candidate
- Scanned Copies of academic titles
- Certificate of enrollment in a master's program

Any application received after the deadline will not be considered for the selection

Contact

For information and questions regarding the application and selection procedure, candidates are asked to contact the secretariat (hr@iesl.forth.gr), tel. +30 2810-391301.

For information and questions about the advertised position and the research activity of the group or the institute, candidates are asked to contact Prof. Demetrios Anglos (anglos@iesl.forth.gr), tel. +30 2810-391154.

Selection Announcement

The result of the selection will be announced on the website of IESL-FORTH.

Candidates have the right to appeal the selection decision, by addressing their written objection to the IESL secretariat within five (5) working days since the results announcement on the web. They also have the right to access (a) the files of the candidates as well as (b) the table of candidates' scores (ranking of candidates results). All the above information related to the selection procedure will be available at the secretariat of IESL-FORTH in line with the Hellenic Data Protection Authority.

GDPR

FORTH is compliant with all legal procedures for the processing of personal data as defined by the **Regulation EU/2016/679 on the protection of natural persons with regard to the processing of personal data**. FORTH processes the personal data and relevant supporting documents that you have submitted to us. Processing of that data is carried out exclusively for the needs and purposes of this specific call.
